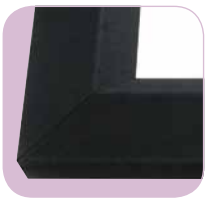
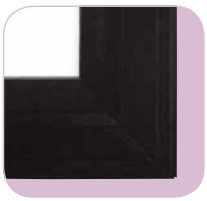
PERMSCREEN DELUXE

- Luxurious, high quality fixed frame screen with a beveled edge.
- The aluminium frame of the PermScreen Deluxe features a black velvet cover, which eliminates reflection and serves to absorb projected light.
- The projection screen surface is attached to the rear of the screen by snaps.
- The frame (7.5 cm wide and 4.4 cm deep) curves inwards, reducing shadowing in the viewing area.
- The projection surface is exceptionally flat, making it suitable for all types of data and video projection.
- The frame is easy to mount with the supplied mounting brackets.



Black velvet frame finish



Beveled edge to prevent shadowing

Projection surface attaches with snaps
